At the edge
It's scary and breath-taking
Living at the edge of life
Just you, the edge and the vast unknown
Echoing down the valley of your heart
The constant call to trust.

The Protection of the Oceans

“Democracy is showing greater strain than at any time in decades. That is why this International Day should make us look for ways to invigorate democracy and seek answers for the systemic challenges it faces.” (UN Secretary General, António Guterres)
21 - International Day of Peace
“It is possible to achieve our goals but we need decisions, political will and transformational polices to allow us to still live in peace with our own climate.” (UN Secretary General, António Guterres)

A Missionary "Spring" in the Church
That the breath of the Holy Spirit engender a new missionary "spring" in the Church.
10 - World Mental Health Day
This year, the theme is suicide prevention. Every year close to 800 000 people take their own life and there are many more people who attempt suicide. Every suicide is a tragedy that affects families, communities and entire countries and has long-lasting effects on the people left behind. Suicide occurs throughout the lifespan and is the second leading cause of death among 15-29 year-olds globally.
13 - International Day for Disaster Reduction
“Reducing the economic losses from disasters has the power to transform lives and to contribute greatly to the eradication of poverty.” (UN Secretary General, António Guterres)
16 - World Food Day
As overweight and obesity rates soar worldwide, this year, World Food Day will call for action to make healthy and sustainable diets available and affordable to everyone.
24 - United Nations Day
UN Day marks the anniversary of the entry into force in 1945 of the UN Charter. With the ratification of this founding document by the majority of its signatories, including the five permanent members of the Security Council, the United Nations officially came into being. We remember Cecilia and Cynthia and the Advisory committee who keep us informed and connect us with the rest of the world to make a change.
