Newsflash

Today's session began with faith sharing "I am Created in the image of God." The PLT shared their report on Membership, Ministry, Formation, and Development work.

After a photo was taken of the group and coffee break, the PLT was asked for clarification on their report and queries were answered.

Then went into an imaginary storytelling about the past and future of our Institute. The last session was a spiritual conversation on what surfaced for us during the day.

The Eucharist was the climax of the day.
