# Newsflash

**"Divine relationship" was the theme for our faith sharing.**

**We were given time to ponder on our desires.**

**Then we were asked to choose one area from the eight groups - Development/periphery, Education, Spiritual formation, call of the earth, GLT, PLT, CJs, and something new.**

**We were called to visit other areas too and come up with something we wanted to take from there.**

**In the last session, each group was asked to portray in a creative way what needs to die and what needs to rise within us for new life to emerge. The Eucharist was celebrated to bring the day to an end.**
